

## Welcome "au Vieux Moulin"

Le Vieux Moulin de la Maque was formerly a forge. It is situated on the banks of the River Dronne, in the peaceful countryside of the Northern Dordogne, which is now part of the Périgord-Limousin Regional Natural Park.

With several hundred yards of river frontage, guests can find many peaceful spots to relax and watch the river go by. For the more active, there is a special court to play the French game of "boule", a miniature golf course and table tennis. Walkers will find the Mill an ideal base for short strolls or longer expeditions along the river or over the hills. The River Dronne is classified as a "1st category" (trout) river and fishing licences can be bought locally. On hot days the Dronne is ideal for a cool dip but, for serious swimming, we recommend a visit to the beautiful lake just outside St Saud. Tennis and horse-riding are also available nearby. Evening meals are available at the mill; these are excellent value and very popular especially when taken on the terrace in fine weather. There is also a wide selection of restaurants in the surrounding area offering good food at reasonable prices.

The Mill is ideally situated as a base for touring the region. There are several sites of historic interest within a short distance. In addition famous destinations such as Rocamadour, Sarlat, Lascaux caves, St.Emilion and Cognac are all close enough for a comfortable day's outing.

The mill has two main buildings which are centrally heated. One of these buildings serves as our home and has three comfortable rooms for Bed+Breakfast. Guests have the use of a sitting/dining room where breakfast and evening meals are served, this room has a wide selection of reading material including guides to and maps of the region and is equipped with a fridge and electric kettle.

The other building has been internally renovated and converted into two independent holiday homes (Gîte A and Gîte B). They have their own separate entrances and the thick stone walls ensure excellent sound-proofing between the two.
